

MKM DETAILS & INFORMATION FAMILY FARMS

MKM Family Farms is committed to providing it's customers with products that *'Naturally Tastes Better'*!

The livestock are raised on an all natural maturity diet of natural grains and grass without hormones or antibiotics. The product is humanely slaughtered and butchered under USDA supervision, dry-aged for seven to ten days, clear plastic wrapped (vacuum cryovac), labeled with the cut and weight, and frozen.

About Orders

Orders may be picked up at our **MKM Farm Pick Ups** or from a **Farmer's Market** we attend.

Deadline is 6 days prior to the scheduled pick up date. Since many items are priced by the pound, orders can only be given an estimated total. Once finalized, your total will be emailed and payment will then be required.

Please understand that MKM Family Farms is a small farm. Order fulfillment is subject to meat availability. If a product becomes unavailable during your order process, we will notify you via email/phone to find a suitable replacement or to lower your final cost.

Reminder, our meat is delivered prepackaged and frozen. Please bring a cooler or sturdy box to your delivery site and transfer your order into that to take home.

MKM Farm Pick Ups
